

ENERGY STAR[®] Energy Performance Scorecard

314.6
kBtu per
square foot*

Town Park Complex

For Year Ending	June 30, 2021
Property Address	199 Westchester Ave Pound Ridge, New York 10576
Primary Function	Other - Recreation
Gross Floor Area (ft ²)	2,045
Year built	1992
Energy Use per sq. ft.*	314.6 kBtu

What is the ENERGY STAR Score?

The ENERGY STAR score rates commercial building's energy performance relative to similar buildings nationwide. Expressed as a number on a simple 1-100 scale, the score rates performance on a percentile basis: a building with a score of 50 performs better than 50% of its peers. Higher scores mean better energy efficiency, resulting in less energy use and fewer greenhouse gas emissions. If a 1-100 score for a specific building type has not been developed, Site Energy Use Intensity (EUI) will be displayed on this scorecard.
