Healthy Yards

PROTECT OUR WATER QUALITY AND ENVIRONMENT

HOW TO CREATE A HEALTHY YARD

-  **Avoid chemical pesticides and herbicides**
-  **Avoid chemical fertilizers**
-  **Mow less, mow high, and water less**
-  **Landscape with native plants and flowers and join the pollinator pathway**
-  **Remove invasive species**
-  **Mulch clippings and leaves**
-  **Reduce lawn surface**
-  **Keep it dark at night**
-  **Conserve water**
