- **Conservation Board – update on Community Compost and survey results**

Carla Brand, Conservation Board member, briefed the Town Board on the Community Compost and survey results. The Pound Ridge Community Compost Program launched April 15, 2019 and there are currently over 75 residents participating. There have been no issues with animals to report and in three months, residents removed 2.6 metric tons of GHGs from the waste stream cycle by participating in the program reducing the carbon footprint. Toter cleanliness is being addressed and Bill Schelling is thoroughly cleaning and drying the toters weekly.

An online survey was conducted between June 17 & July 10 and 59% of the recipients responded overwhelmingly very satisfied with the compost program. Carla Brand read some comments that were left online and one of them was a request to hold a “give back” day where residents can pay a fee to take compost back home for their gardens. The Conservation Board will look into possibly having that as a celebration of Arbor Day.

- **Planning Board – request to terminate project at 15 Bender Way**

Geraldine Tortorella, Hocherman Tortorella & Wekstein, LLP, gave a memo to Supervisor Hansan dated August 1, 2019 representing Mr. and Mrs. Carter McClelland, owners of 15 Bender Way and vacant lot on Bender Way, Pound Ridge, NY. The memo is requesting the Town Board’s consent and cooperation to terminate a restrictive covenant recorded against the Restricted Parcel and a stormwater maintenance agreement recorded against the Residence Parcel. In May of 2017, the Planning Board granted site plan approval for improvements on the Residence Parcel prohibiting the construction of any buildings on that Parcel (the Restrictive Covenant). The approval also required that the McClellands record a stormwater maintenance agreement against the Residence Parcel. The McClellands recorded both the Restrictive Covenant and the Stormwater Maintenance Agreement in the Office of the Westchester County Clerk. They have since decided not to move forward with the project and the approval has lapsed. The Restrictive Covenant and Stormwater Maintenance Agreement remain “of record” in the County Clerk’s Office and the Planning Board consented to cancel and terminate the Restrictive Covenant and the Stormwater Maintenance Agreement. Termination would be accomplished by recording in the Westchester County Clerk’s Office “termination agreements” for each instrument signed by the McClellands and the Town Supervisor. Ms. Tortorella is requesting consideration of this matter at the Town Board meeting.

**RESOLUTION #: 148-19**

**Board Action:** Motion by Councilwoman Sullivan, seconded by Councilman Dow, all voting aye on the following:

RESOLVED, that the Town Board hereby consents to the cancellation and termination of the Restrictive Covenant and Stormwater Maintenance Agreement on property owned by Mr. & Mrs. McClellands, 15 Bender Way, Block 9822, Lot 3 and vacant lot on Bender Way, Block 9822, Lot 6.
