

***DRAFT PROPOSAL  
Pound Ridge Leaf Blower Ordinance***

Purpose: The Town of Pound Ridge finds and declares that internal combustion leaf blowers represent a significant source of environmental pollution in the form of high and low-frequency noise, carbon and noncarbon emissions, and dust particulate, which represent a present and increasing threat to the public peace and to the health, safety, and welfare of the residents of the Town and its visitors. Additionally, leaf blowers displace significant amounts of particulate matter, spreading pollen, mold, chemical pesticides, and other fine particulates. Internal combustion leaf blowers are also recognized as hyper-polluters, emitting significant carbon and noncarbon emissions in greater magnitudes than automobiles over similar operating periods. Accordingly, it is the policy of the Town to phase out the use of internal combustion leaf blowers to minimize and mitigate the harmful impacts of their use.

Operation of LEAF BLOWERS within Pound Ridge.

A. No landscaper, homeowner, business owner or municipal employee shall operate any internal combustion leaf blower:

- (1) from May 1 to October 15 and December 1 to March 31 of any year;
- (2) from April 1 to April 30 and October 16 to November 30 of any year, before 9:00 a.m. or after 5:00 p.m. on any weekday and Saturday;
- (3) from April 1 to April 30 and October 16 to November 30 of any year on Sunday or on federal or New York State holidays.

B. For purposes of reducing noise, from May 1 to October 15 of any year, no leafblowers, regardless of the source of power (gas, diesel or electric) shall be operated on a Sunday.

C. Internal combustion leaf blower use shall be prohibited after November 30, 2023 and the operation of any internal combustion leaf blower for any amount of time after that date, with the exceptions set forth in Section "E", shall constitute a noise disturbance subject to penalty.

D. The restrictions and limitations set forth in Section "A" hereof shall apply to all properties located within the boundaries of the Town Pound Ridge, including but not limited to golf clubs, tennis clubs, restaurants, and shopping centers.

E. Exceptions:

The restrictions and limitations set forth in this Section shall not apply:

(1) During times of emergency as determined by executive order of the Town Supervisor, provided the use of such equipment which is non-compliant with this Chapter is deemed necessary by the Supervisor or other emergency response official to adequately and expeditiously address the emergency.

(2) The Supervisor or his or her designee, may, in his or her discretion and upon application, grant a temporary permit to allow the operation of one or more gas-powered leaf blowers to accommodate a special circumstance. By way of illustration, a "special circumstance" includes, among other things, the remediation of an abandoned or neglected property, the cleanup of streets and roadways following a severe storm or any emergency situation which presents an immediate danger to public health and safety.

Definitions:

**INTERNAL COMBUSTION LEAF BLOWER**

Re: Senior Citizens Extension

---

Under Real Property Tax Law S. 925-b authorizing municipalities have the authority prior to the levy of taxes (annually) to grant an extension of **up to 5 business days** for the payment of taxes by senior citizens who receive an enhanced STAR exemption. I am asking the board to grant the extension for the 5 business days for the 2022 County and Town taxes. Thank you for your time and consideration.

Re: State Conference

The New York State Recreation and Park Society annual conference is slated for April 24<sup>th</sup> – 26<sup>th</sup> in Saratoga Springs and I am requesting permission to attend. The cost of the program is \$300.00 and the room cost is \$160.46 per night and I would need to be there for 2 nights. The total cost to attend would be \$620.92.00 plus \$200.00 for additional food as the conference fee includes some meals but not all and this is a budgeted item.

Respectfully,

David Goldberg

**Re:** Request to purchase 2 diving boards

I respectfully request authorization to purchase 2 – 16’ Duraflex diving boards from Streamline Aquatics. Our boards are becoming unsafe and need to be replaced. A request was made and granted to encumber \$12,000 from the 2021 budget to pay for these. The cost with shipping is as quoted from Streamline \$10,339.00.

Respectfully submitted,

**Re:** PRBA Special Event Permit application for "Made in New York" event

---

I recently received the attached Special Event Permit application from the Pound Ridge Business Association (PRBA) for a "Made in New York" event, to be held in the business district from 11 am to 5 pm on Sunday, March 27. The application appears to be in order.

The event will consist of sidewalk tables in front of some businesses, pop-up vendors inside some stores, and approximately five food and beverage vendors, including an ice cream truck, a brewery table, and a coffee wagon. The PRBA plans to have vendors provide additional garbage receptacles.

The PRBA has discussed the event with Chief Ryan. There will be one or two officers assigned to monitor crosswalks.

**TOWN OF POUND RIDGE - SPECIAL EVENT PERMIT APPLICATION**

This application is pursuant to Local Law 4 of 1994 regulating special events, street fairs, antiques markets and outdoor arts and crafts sales in the Town of Pound Ridge.

APPLICANT'S NAME: Pound Ridge Business Association
